Lemon Grove Review

VOL. 8; No. 32 — LEMON GROVE, CALIFORNIA — THURSDAY, MARCH 29, 1956 — 10c PER COPY

Chestmobile Date Set for April 9

Lemon Grove residents will have use of the Chestmobile during the week of April 9. It will be located in La Mesa and will serve residents of Lemon Grove, Jamul, La Mesa, as well as the valley.

Bruce Harms, president of the Lemon Grove Chamber of Commerce, said, " This is a project that can mean a great deal to the health of our community."

Dr. J. B. Askew, director of the San Diego County Department of Public Health, said volunteers will have an important role in the success of the Chestmobile visit. They will be asked to assist as hostesses at the Chestmobile and will also be asked to lend a hand in distributing education material on the Chestmobile as well as encouraging friends and neighbors to have chest X-rays taken.

"The importance of chest X-rays," Dr. Askew said, "cannot be underestimated. They can detect the presence of tuberculosis when a person might otherwise be unaware he has it until the disease is advanced. If the disease is found soon enough," Dr. Askew continued, "early treatment can mean working health restored at the earliest possible time.

Plans call for the Chestmobile to be stationed on Spring Street at La Mesa Blvd. by Anthony's Department Store from April 9 through April 13.

Scheduled hours are: Monday, April 9—12 noon- 6 p.m.; Tuesday, Wednesday and Thursday—11:30 a.m.-6 p.m.; Friday, April 13—2 p.m.-8 p.m.

Lemon Grove Water Works to Use Sweetwater Lake for Storage

A contract calling for the storage of "up to 2500 acre feet of water in the Sweetwater Reservoir" has been worked out by the Lemon Grove water works, it was announced this week by M. J. Shelton, general manager of the local irrigation district.

He told his board members that the agreement would postpone "indefinitely" the contemplated construction of the Chet Harritt reservoir in Quail Canyon near Lakeside.

Agreement was signed with the California Telephone and Telegraph Co., owners of the Sweetwater Reservoir, and the district will pay $6.25 per acre foot per year for storage.

The district takes delivery of Colorado River water from the County Water Authority branch line at Lakeside. It shares the capacity of this branch line with the South Bay water distribution agency. The district can secure delivery of larger quantities of water from the branch line during summer heavy use periods by arranging for the water and telephone company to relinquish some of the line capacity. The district will store Colorado River water in Sweetwater during the winter season and release it to the water and telephone company in the summer, taking an equal amount of the company's water at the branch line control station in Lakeside.

The arrangement avoids necessity of the district building the Quail Canyon storage facility which would be used to store Colorado River water during low-use months for use during the summer season. The Quail Canyon reservoir is a part of the master plan of the district, but was not included in the bond issue recently voted by the district, since the negotiation with the water and telephone company has been underway for several months.

The contract covers a five year period, but is cancellable by either party 60 days prior to the expiration of any year.

From Beauties to Cowboys

Local Jaycees Take Over a Raft of Projects

A "Miss Lemon Grove Contest," a Teen-Age Road-E-O, and a two day Lemon Grove Rodeo combined with a county wide square dance became part of an ambitious program for the coming few months, it was decided at a breakfast meeting last week.

The Miss Lemon Grove contest is designed to attract single girls aged 17 to 25. The winner will represent Lemon Grove in all functions the balance of the year which includes reigning as queen over the Lemon Grove Rodeo and Fiesta. The contest is open now but closes May 15. Preliminary contest will be held May 25. Entries may be obtained from the Junior Chamber at P. O. Box 366, Lemon Grove.

The Road-E-O is part of a national event and the winner will compete in Washington. It is a competition of good driving, and driving regulations knowledge and is open to drivers 15 to 20 years of age. The contest will be held at Helix High School. Closing date for entries is Wednesday, April 4. A written test will be given April 11 and then a driving skill test will be given April 21. Entry blanks for this event are also available from the Jaycees at P. O. Box 366.

The annual Lemon Grove Rodeo is being shared jointly this year between the Jaycees and Chamber of Commerce. A contract was signed by the Jaycees last week with Elden and Bob Yokes, of the Cowboy Association of America, for a two day event to be held at St. John of the Cross Church Rodeo Grounds on July 21 and 22.

A square dance will be held at the same place on Friday, July 20, and the three day event it tied to the Fiesta del Pacifico, the San Diego event which will attract hundreds of thousands of tourists to the county this summer.

During the Lemon Grove Rodeo western clothes will be worn by local people for two weeks prior to the event. A voluntary beard growing contest will also be staged. Tickets to the rodeo will be sold in advance, as in years past, and an advertising booklet will be produced for the event, according to Jaycee members.

Tom Smith Jr., an employee of the gas and electric company, is president of the local Jaycee group. Bruce Harms heads the L. G. Chamber.

School Vacation, Not Yet Here, Will End September 11

School bells will ring in the fall on Tuesday, September 11, for pupils of Lemon Grove, according to the 1956-57 calendar adopted Monday evening by the Lemon Grove School Board. With a total of 177 teaching days, the next term ends on Thursday, June 13, 1957, for over 3,000 children in the elementary grades. This calendar is similar to those of both the Grossmont Union High School District and the San Diego City Schools.

The usual holidays will be observed. The Christmas vacation begins on Wednesday, December 19, and classes resume on Wednesday, January 2. This "break" in the middle of the week was scheduled to permit older students of high school age to enjoy employment prior to the holidays and to permit the many out-of-state teachers here to spend the vacation with their families. The length of the school year in regard to the number of teaching days remains the same as the present calendar. School ends this term on Thursday, June 14, with teachers returning for one additional day to complete all records.

The board discussed further the possible construction of a district warehouse and choice of school sites. Paul Reynolds, business manager, gave a preliminary report on a state application for funds to build another elementary school here. No definite decisions were reached on use of present district building funds. Seven more contracts for new teachers were approved by the board.

The next meeting is scheduled for Monday evening, April 9, 7:30 at the education center.

Selecting a Jury is Carefully Done

By DICK HENDERSON

My Boss said that an interesting story about jury selection might be gotten from the proper authorities, so I took two bites of this cherry.

I put the first bite on J. Bertram McLees, county counsel deputy, who advises the board of supervisors as to proper legal procedures. He obligingly gave the "legal" on juries and their duties. There are several kinds of juries, federal court, grand, superior court, municipal court.

A jury commissioner attends to getting of jury panels for the superior and municipal courts. Federal court juries are selected by the federal court judge and serve for six months. Grand jury is selected by the presiding judge and the grand jury serves on call for 12 months. The grand jury selected for 1956 was selected in February but was not sworn in until March 15 or thereabouts, because the 1955 grand jury had asked to have their term extended for a month so cases that had been tried could be finished, and not have to go over to the 1956 body.

When the jury panel is called for a trial, the members of the panel are questioned by the attorneys and are accepted or rejected, reasons for rejecting not being mandatory. Each side is allowed ten peremptory challenges, and sometimes all ten are used. Selection of a jury sometimes takes a couple of days, but usually completion of the panel is made in a day, sometimes less. Depends somewhat on the attorneys' opinions as to the jurors' decision.

For my second bite of this jury cherry I went to the court house and in Room 304 I was cordially received by Mason A. Bowen, jury commissioner since 1948, when I told him the reason for my visit.

In making up a jury list, Bowen uses the great Register of Voters, selecting every tenth name in alphabetical order. This list is checked against a card index and voters who have served as jurors in past two years are checked off.

When the list is completed, letters are sent to the names left on the list. This letter follows:

The Superior Court

"Your name has been selected for recommendation to the judges of the Superior Court of San Diego County for jury service.

The judges have asked me, as jury commissioner, to inquire into the qualifications and eligibility of persons whom the court plans on calling for jury duty. You are therefore requested to present this letter at my office, Room 304 Courthouse, within the next five days, between the hours of 9 a.m. and 11:30 a.m. or 2 p.m. and 4 p.m., except Saturdays, Sundays or holidays.

Only physical incapacity, absence from the county or service on a jury within the last year can be considered as legal grounds for excusing you from jury duty.

It is to discuss these matters that this request for an interview is being made. If you are unable to come in, please inform me by mail, enclosing a letter from your doctor if you claim exemption by reason of poor health."

Very truly yours,

Mason A. Bowen,
Jury Commissioner

By Direction of the Court

Accompanying this letter is a blank with 19 questions to be answered, also an examination sheet with 25 words, each "master" word having four words in columns across the page. An example is given:

(3) attempt—run, hate—try—stop. The correct word is in column 3 therefore the number 3 is put in the ( ).

Line 1 of the questionaire is 1. ( ) involve — wrong — release — ruin — implicate. Whichever you think is the proper word to use, put the number of the column in the ( ) space.

A passing grade of 72 is required. This test is given to determine your knowledge of English words and their meaning.

These two sheets, together with the letter, should be taken to the jury commissioner within five days. If you feel that you cannot serve for any valid reason, take the papers to Mr. Bowen and state your case. You will be cordially received and courteously treated.

Bowen says only one person in eight qualifies for jury service. He will need 1800 jurors this year, and will examine about 7500 persons, he estimates.

Several classifications of employment are exempt from jury duty, including judicial, civil and military officers of the United States while they are on active duty; county or city employees who receive pay; attorneys and their secretaries; clergymen; teachers; practicing physicians; dentists, chiropodists, optometrists or druggists actually engaged in dispensing medicines; jail or prison officers; railroad motormen, conductors and brakemen, and fishermen. Also rejected are persons who have been convicted of felonies, but Bowen lets these persons down easy when required.

After qualification, the prospective juror's name is put on a slip and in a box. The names are then drawn by a deputy county Clerk, in the presence of court officials. These slips are listed by the county clerk and names drawn are notified when to appear.

Pay is Low

Pay is nominal, $3 per day and mileage of 15c a mile.

Excused from jury duty are mothers with small children, persons who are ill, hardship cases, persons who are too old to see or hear well and independent business men who have difficulty leaving their business establishments.

Bowen says it is surprising how many persons are about to take a long trip when they are notified to appear for their jury interview. "And it is amazing how many women are about to have babies at that time."

Selected jurors serve for two months, then another panel is called on.

The right to trial by jury has been law since the close of the 12th century, and according to authorities, is an institution of Anglo-Saxon and Norman law.

If you get a letter from Jury Commissioner Bowen, don't be

Commercial Property Values Can Fall, Kerch Tells Men's Club

The Men's Club of Lemon Grove heard Charles Kerch, representative of Curtis Coleman Associates spell out the need for widening Broadway and putting in curbs, sidewalks and decorative lighting, Friday.

"If it's to be done it must be done before the College shopping center opens," Kerch reported. A simple formula was offered to show how the increased value would be beneficial to property owners and tenants alike. "Property valuation is based on rents," he stated. Rents, he showed, must be based on ability to pay. This ability comes from volume of business and business stems from traffic. A fair rental in Lemon Grove currently is 14c per square foot per month. "This rent may be increased nearer to what is believed to be the asking rent of the new shopping center of 25c to 30c per foot of the traffic along Broadway can be built up," Kerch stated. "The tenant will be able to pay it, the property owner will be getting a bigger return on his investment and the community will have a better appearance," he said.

He warned that commercial property values were not permanent and that they could turn down. "North Park, for example, has hit a plateau and has little room for expansion or improvement. He said that some North Park commercial property is appraised at $3,000 a front foot at present.

There will be no meeting of the Men's Club Good Friday. A program with the Merchant's Division of the Chamber of Commerce is scheduled for Friday April 6 at 12 noon at Michael's.

The Dimmer VIEW

By MAX GOODWIN

I have an unusual faculty for standing flatfooted in my own mouth. This I do with a grand flourish. It happens more often at home than elsewhere because at home I take full advantage of the prerogative of being head of the house and as such sound off on all sorts of subjects.

After I have thoroughly set the backdrop and established the circumstances, together with various bits of minutia to substantiate all of my statements, my wife, usually, will ask innocently if I am sure that the event didn't take place five years ago instead of three, and wasn't it in Cincinnati, and not Nashville, and didn't it happen to Mary Warden and not to Charlie Rooker.

The REVIEW endorses Jerry Walter for the fire commissioner's position in Monday's election.

Walter has been active in civic affairs and in church work. He is also an active Kiwanis member. He is a successful business man who owns and operates a jewelry store on Broadway.

The position carries no pay.

The REVIEW feels that Walter's business experience and his ability to get along with people will serve the district well.

My insides take on the feeling of a caged canary and a bloody mist covers my eyes but I remain calm and state very slowly and positively that I am three times seven and have adult intellegence. This, I further opine, should qualify me to report from memory a trifling event of a few years past.

There must be some way of getting out of these stupid self-made dilemmas, others seem to be able to exit gracefully, but I can't,

There was the time, for instance, when I was covering theaters for a newspaper in Cincinnati. The manager of the Strand Theatre used to stand in the dimly lighted area between the audience and watch the picture. He was a former wrestler so I would grab his arm and twist it up his back towards his neck. Being muscular, he could break the hold without too much effort.

Re-Appraisal of Area Property Under Way By Assessor

The long range county assessor's re-appraisal program is operating in Lemon Grove and Spring Valley currently, Arthur Eddy, assessor announced.

A crew of 16 people is taking the area apart, block by block, and putting it back together on the assessment rolls substantially the way it was, dollar wise. The big difference, explained William Barisic and Arthur Salzer, two of the unit supervisors for the project, is that a new and fairer formula for equity is being used.

"This will permit more realistic assessments in the future," Eddy said.

"We have been sing 1941 costs for evauation of improvements. In 1952 we had a 'paper' re-appraisal which updated the assessments in most cases. This re-appraisal will take into consideration all of the variables and unknowns we were unable to get into our 1952 job.

"Most of the counties in the state are presently working on Eddy said. "Upon completion of buiding and land re-appraisal," this county-wide job we will depreciate to the year our work is finished and this will help offset the increase in the cost of building since 1941." he added.

Eddy warned that all field men carry identification cards and residents are asked to demand to see them. "We have reports of some persons following behind our men asking for personal and financial information. Our men show their ID cards when you answer the door," Eddy stated.

Fire Election To Be Held Monday Afternoon

Polls will be open Monday, April 2 in the afternoon only for the fire district commissioner's election. Voting hours will be 1 to 7 p.m. There will be only one polling place, that being the fire house on central Avenue and School Lane.

Three persons are running for the office. They are Jerry Walters, Alfred Roulo and Ignatius Leone. The position carries no pay of any kind.

Paul Tilton, machine shop operator, incumbent, is not running. The other two commissioners are Channing P. Mason and Tom Parsons.

THINGS DOIN' & BREWIN' About Civic Center

Welfare Administration

Supervisors tentatively agreed on the wording of a charter amendment that will revise controls on welfare administration in San Diego County.

The proposed charter amendment will be placed on the June 5 state primary election ballot.

The supervisors tentatively agreed on charter amendments which would:

1—Set up a board of public welfare with seven to 25 members. The present board has seven members.

2—Provide for members "from a variety of organizations and vocations related to or interested in the conduct of a public welfare program." The present board members are chosen by the Community Chest, the supervisors, the Medical Society, the Chamber of Commerce, the Parent-Teacher Association and labor organizations.

3—Provide methods to remove board members for incapacity or inability to serve or acts inimical to county service. The present charter does not provide a way to remove a welfare board member.

Agreement Violated

Supervisors said the State Division of Highways had violated an agreement on construction of pedestrian undercrossings on a portion of Highway 94 freeway in Lemon Grove. Joe H. Mack, county road commissioner, said the state had agreed to construct pedestrian underpasses at Quarry Road and Dexter Drive. The underpasses were to have clear visibility from either end.

"Instead, the underpasses have a 90-degree turn and will be dangerous because they will act as a hiding place for vandals and perverts," Mack said.

On Mack's recommendation, the supervisors adopted a resolution saying the county will not maintain the underpasses.

Road Work Estimates

The board authorized county department to make preliminary estimates of cost on a proposed improvement program for Broadway in Lemon Grove.

Included in the program are widening and repaving, zoning, flood control and parking. The improvements would be made from College Avenue to Sweetwater Road in the main business district.

Harry Griffen, chairman of an area improvement committee, told the board that store owners are anxious to complete the work within a year. He said construction of a shopping center in the area threatens the downtown business district in Lemon Grove.

Open Bids

Bids opened for grading, paving, and construction of curbs and necessary drainage structures in Beryl Street et al, Lemon Grove, 1911 Act Unincorporated Area 40, Road Improvement 6007. Successful bidder to be announced.

STORK CHANGES ROUTING IN AREA

Reports from La Mesa Community Hospital indicate that the Stork has changed his routing and made landings at that hospital for the last day of February and the first week in March.

On Feb. 29 the wise old bird delivered a 7 lb. 1 oz. boy to Mr. and Mrs. Henry Gale of 2535 Difoss St., Lemon Grove.

March 5 the big white bird repeated, with a baby girl weighing 9 lbs. This young lady will get a lot of lovin' from her parents, Mr. and Mrs. Manuel Lara of 7959 Imperial Ave., Lemon Grove.

The transportation department got three calls from Spring Valley during the period.

March 2 Mr. and Mrs. James Cotton of 9264 Carthay Circle, received a bundle from Heaven in the person of a baby girl, weight 6 lbs. 14 oz.

March 4, Mr. and Mrs. Robert Richcreek of 8990 La Mar St., welcomed a boy, weighing 7 lbs. 12 oz.

Aslo on March 4 the Stork called and left a 7 lb. 6 oz. boy for Mr. and Mrs. Phillip Conrad of 9479 Vista Drive.

This wise old bird seems to keep the ratio of boys and girls pretty even. Just so he doesn't bring too many girls it will be okeh. Easter morning will begin with a devotional service at 6:30 a.m. followed by a breakfast sponsored by the Luther Leagues. At 8:30 a.m. and 11 a.m. a Festival Worship Service, and a Junior Worship Service will be conducted in place of the regular Sunday School at 9:40 a.m.

Everyone is cordially invited to attend all of these services and join in the glorifying of Christ's Resurrection.

Final plans for the Fashion and Hobby Show to be held at the April meeting will be discussed. Among those expending their talents to make this production possible are Mmes. Ivan Arms, program chairman, Bob White and Paul Miller, Fashion Show chairman, and Robert Masters and Seymour, fifth grade teachers, hobby show chairmen.

New Election Held By Merchants' Division of C of C

The Merchant's Division of the Chamber of Commerce was reorganized at a luncheon meeting Thursday and re-elected Ted Skelley chairman.

Other officers are Bob Pullium, membership chairman; Marshall Adams, treasurer; John Hatz, secretary and Lou Brouillard, promotion.

The group had named officers at a meeting a week before but a re-election was requested by members who felt representation was not high enough at a previous meeting.

Meetings are held each Thursday at Michael's.

Jr. Hi Pupils in Dance Session

Sixth grade students of the Lemon Grove Junior High School were rewarded for their time diligently spent at afternoon dance classes with an evening dance last week.

Also present were professional instructors to assist with such dances as the waltz, samba, rumba, jitterbug and the polka.

Throwin' the Bull

It's a Joke, Son! . . . There are three kinds of women: the beautiful, the intelligent, and the majority.

—BT—

Life . . . is like a deck of cards! It's hearts when you are in love, it's diamonds when you are engaged, it's clubs when you are married and it's spades when you are dead and buried!

—BT—

Overheard . . . in a faculty lounge: "The modern generation has no respect for age unless it is in a bottle."

Personals . . . To MoRo: and another thing you shouldn't take too hard is the cider season. To JeGe: if you get seasick while fishing again you might as well give up. To MaAu: if you keep up your present pace, burning with enthusiasm, sooner or later you're going to make a fuel of yourself. To CaCo: Remember! When you're in a race for a husband, you seldom win on the first lap. To DaCr: as a young bachelor you're just spooning around, but when you enter wedded bliss you'll have to fork over.

—BT—

Did Ya Know . . . that a school is more popularly known as a prison for teenagers? That teachers are from the class of the 1920's-30's that were kicked out of school? That books are just modern hieroglyphics? That desks are wooden and metal stands you rest on during class? That classrooms are places to catch up on your sleep? That homework is just a sneaky method of brainwashing? That everything stated in this last paragraph is just a rib and is not based on any truth whatsoever?

Local Demos to Form Groups to Support Kefauver

The Homeland Area Democratic Club will hold a one night "School for practical politics" beginning this Thursday evening at 8 p.m. in room 10, Golden Avenue School, Lemon Grove, and continuing the last Thursday of each month, free of charge to all Democrats, to discuss campaign strategy and issues ranging from taxes to civil rights and introducing candidates at each meeting who are seeking office in the '56 election.

Olen F. Keith Jr. and Mrs. Phyllis Haas will give reports of the 28th congressional convention, held last week in Laguna Beach, where they participated as delegates in the indorsements for assemblyman and a congressman on the Democratic slate.

Professor Harry Larson, political science instructor at Junior College in San Diego, will be guest moderator Thursday night, introducing a new type of questionnaire on politics for the group to outline and learn more about legislation. Also expected is attorney Foster Powell of La Mesa.

Mrs. Chas. McKenzie, president of the club, will form groups who wish to support Estes Kefauver for president and bring the senator to this area next month for a public address. She urges all interested to attend.

Mrs. McKenzie also cited Kefauver's ponderous simplicity, especially with the little people. She said "People just like him. . . . He is more down to earth, just an ordinary sort of individual. Perhaps he doesn't tell jokes, but he radiates sincerity and even makes children feel he is addressing them."

$183,050 Interest to Be Saved By Change In Bond Dates

The best news heard at a meeting of irrigation district directors was announced Tuesday by Business Manager Byron Miller when discussion of a resolution to be adopted providing for the issuance of bonds in the sum of $5,230,000, with Attorney Jennings and Miller brought up the matter. The dating of the bonds was shortened a year, thus saving a year's interest, $183,050.

Miller submitted a sheet with payments listed way along in the years, 1976 or later. Looks like some real figuring is being done. We will wager that the banks will not be happy if this saving of interest is accomplished.

Various routine matters were discussed, with all members of the board present and taking active part in dicussions.

Mrs. Whitney F. Hindes appeared regarding a request for installation of a water meter for building to be used by Girl Scouts at corner of Emerald and Erentte, El Cajon. City of El Cajon has been furnishing water for the Girl Scouts at a fixed charge. Harry Griffin didn't want to install a service on a contractor's meter, thought a connection at a flat rate would be better. "We start doing that and Monterey Heights, with a Girl Scout's hut, will want to come in. 'You did it for El Cajon, why not us?'" Looks like El Cajon will have to furnish the water for the young ladies—D. H.

Bicycle Riders Involved in Many Accidents

SACRAMENTO (Spcl.)—Bicycle riders are involved in ten traffic accidents each day, says the California Highway Patrol.

"This fact was taken from our file of accident records which also indicates failure to obey the rules as the leading cause of traffic accidents involving bicycles," Patrol Commisioner B. R. Caldwell declared. "Frequently, when a bicycle rider disobeys the rules or takes chances, he comes into violent contact with an automobile or other motor vehicle.

"When a 90 pound bicycle meets a 3000 pound mass of metal the bicycle rider always loses," Caldwell said. "To avoid accidents and secure more pleasure from bicycle riding the following rules should be obeyed:

1. Keep to the right—always ride with traffic.
2. Obey all traffic signs and signals.
3. Use a white light in front and a red light or reflector in the rear when riding after dark.
4. Wear some article of white clothing at night.
5. Ride single file and only one person on each bike.
6. Keep your bicycle in good mechanical condition.
7. Do your stunting off the streets and highways.
8. Stay off freeways that are marked for motor vehicles only.
9. When in doubt about the rules ask any traffic law enforcement officer to explain them to you.

Lemon 8'rs Hold Party Night

The Lemon-Eighters "Party Night" last week was one grand and glorious evening. Guests for the evening were the Levi's and Laces, and honorary memberships were awarded their caller Clarence Montgomery and his wife Pearl.

Japanese lanterns and boats were the theme for the evening, with a gift for John and Fanny Walker, a remembrance from the club.

Guest callers included Clarence Montgomery, Don and Juan Frank, Al Lindsley, Johnnie Walker, Linda and Janey Bryan, Tommy and Marian Ashton, and Stan Bryan. Music was by the H & H Tunetwisters. Among the special guests were Neil and Joan Ricketts, Heartland couple of the month, and Ruth Engle, president of Heartland. Refreshments included hot dogs, coffee, and fruit jello.

April 9 will be graduation night for the beginners class. Board members will serve, the H & H Tunetwisters will play and a large turnout is expected.

Dancing is every second, third and fourth Thursday night at Friendship Hall. All interested are invited to attend. Free baby sitting is available.

Woman Knocked Down By Careless Autoist

Mrs. Gibson, 55, of 4008 Pauly St., was knocked to the pavement at the corner of Broadway and Olive Tuesday about 4 o'clock. She was crossing Broadway northbound, and had passed the center of that thoroughfare, a westbound auto in the inside line having stopped to permit her passage. However, another auto, next to curb, also westbound, neglected to stop and Mrs. Gibson was hit by this auto, No. Z 19023, (1955 license.)

It seemed to witnesses that the second auto knocked her against the fender of the machine that stopped and the lady was in considerable pain. Good samaritans did what they could to ease her suffering, but no physician was available.

A small boy ran to Judge Hussey's office for a sheriff's deputy, but none was present, so a phone call to San Diego was made, and after what seemed a long time, but was less than 15 minutes, an Adams ambulance arrived and took the victim to La Mesa Community Hospital. Wednesday evening, when the hospital was queried, the nurse in charge reported that Mrs. Gibson had suffered no concussion but had several bad bruises. X-rays revealed no broken bones, and more X-rays were to be taken on Thursday.

Highway patrol office in El Cajon reported that Ralph Clifford Billie, 32, of 2722 Lincoln, San Diego, was the driver of the car that hit Mrs. Gibson.

It's a pretty good plan to stop when the car ahead does. In fact, we understand that theres' a law requiring such action, so next time you get in such a predicament, stop and wait for the crossing to clear. Don't run around a stopped car. Pardon my preaching, but I have done just that trick, luckily without serious consequences, but after seeing this lady lying on the pavement and moaning in pain, I think I'll not forget again.—D. H.

LM-SV School Bonds Pass by Wide Margin

By TOMMY THOMAS

The old saying "The third time's the charm" turned out to be correct as far as the school bonds of the La Mesa-Spring Valley School District was concerned last Tuesday. Twice defeated, the bonds passed by about 4 to 1 this time, 6,450 for and 1,796 against. There was a "hot time in the old town tonight" meaning the offices of the school district, Tuesday night.

The local bond issue will furnish $960,000 for construction of new schools and additions on others. It is hoped that the Bancroft School will be the first new one on the agenda, and Severin Manor will not be far behind.

A state aid measure for $1,526,000 won by a vote of 6,336 to 1,776. It also will go for construction.

A tax override measure which passed at a vote of 5,844 to 2,272 will continue on the present override of 40 cents per $100 assessed valuation for maintenance and operation of the schools.

The bond issue and state aid passed by 78 per cent although only two thirds was needed. The tax measure needed but a majority. The tax measure permits the trustees to continue the $1.30 rate for three years. It has been in effect already five years.

Regarding the outcome of the voting the following persons had to say this:

Dr. Ted Dixon, associate superintendent of the La Mesa-Spring Valley School District: "Now that the school bonds have been successful, the La Mesa-Spring Valley School officers are able to look ahead to achieve the goal to get the district on single session, which has far reaching educational implications of the children of the district.

"The results of the ballot were extra encouraging and every effort will be made to meet the educational needs of this community in an economical manner, involving the construction of schools."

Dr. Dixon said construction should begin about July (Bancroft School) and be completed about February, 1957.

Art Dahlquist, chairman of the La Mesa-Spring Valley Board of Education: "The board is very well pleased. Now that we are off the hook as far as finances are concerned, we will be able to spend more time in actually running the schools. There has been much effort put forth by the parents and other interested citizens in seeing that the bonds passed. When people become aroused, they get the job done."

Miles Nagle, chairman of the Committee for Better Schools: "There is no question of how I feel after two defeats and then come up with a victory.

"The volunteers did a wonderful job in bringing out the voters. Otherwise the election would have gone the way of the other two. The planning was done on the inside, but it was the outside workers who put it over. Good publicity through the SPRING VALLEY BULLETIN and other newspapers went a long way in bringing us the victory. There was much to overcome.

"The Committee for Better Schools will still continue to operate. There are many things yet to be done. But we have made the first hurdle, that of finances. We can now go ahead without any financial worries.

"The committee is close to the picture and can take care of the fiances and to see that the money goes into the right places.

"The committee is in a position to answer any questions the citizens care to ask regarding school operations. We know it costs money, but it is better now than in the future."

Bill Schell, principal, Bancroft School: "It was definitely the citizens' efforts that put over the bond election. I feel like spring is really here. I've felt right along that the bonds would carry this time. There are many who have had the same feeling right along.

"In precinct 22 we had a 44 per cent turnout of voters. There was about a 43 per cent for the district. I want to thank all the parents for the wonderful job they did in getting out the vote."

Mrs. Frieda Ralston, president of the Bancroft PTA: "I think it's just wonderful. I hope this will take the children off double sessions indefinitely. I think the victory was due to the untiring efforts of many citizens who got the people out to vote.

"There were a lot of new voters this time. There were many deputy registrars of voters in the district this time who did a good job of registering more new people. I think that helped a great deal in passing the bonds. There was wonderful cooperation.

"It's up to the sewer program to get rolling now. That will be a great help to the school program."

Mrs. Ralston said Severin Manor turned out better than the Spring Valley. They had a 99 per cent vote while Spring Valley had a 74 per cent vote.

Mrs. Louis Szuch of 2356 Highview Lane: "I think it's wonderful! I have four children in Bancroft School now, and one in junior high. I will have three in Bancroft next year, one in junior high and one in senior high.

"I wish they would start the Bancroft School now instead of later.

"The people of my neighborhood really turned out to vote. I understand there were some 500 voted at the Pals and Gals Clubhouse.

Annual Easter Egg Hunt at Mayfair Saturday

It'll be field day for children all over California Saturday morning beginning at 8:30 when Mayfair Markets open their doors for their annual Easter Egg Hunt. All children up to and including the age of eight are eligible to participate. Over 2000 candy eggs will be hidden in the markets, along with scores of "secret" eggs which entitle the finder to claim a special prize.

In charge of the entire affair will be the largest "rabbit" in captivity, according to Larry Childress, manager of the store. The rabbit will be on hand to direct operations and personally award prizes.

"The market will be divided into two areas in order to give private hunting grounds to the kiddies under five, but any child is eligible to win a prize, regardless of age," explained Manager Childress. The prizes will be won by the children finding the "secret" eggs, and only the "rabbit" knows what distinguishes these from the regular eggs.

Although parents will not be permitted to accompany their children on the hunt, they are urged to escort them to and from the market to avoid any possibility of accident or straying.

The doors will be opened at 8:30 a.m. and the children will be given detailed instructions before the actual hunt commences. "In fairness to all," manager Childress added, "no bags or sacks will be permitted, and a maximum of five eggs per child will be the limit."

STORK DELIVERS BOY TO CRANE ST.

Mr. and Mrs. Stanley McDade, 3195 Crane Street, were visited by the stork on March 12, and welcomed a fine boy, weighing 7 lbs. 5 oz.

The grand old bird picked up his package at La Mesa Community Hospital.

Life is the art of drawing sufficient conclusions from insufficient premises. —Samuel Butler

"At last we will have a school in our own neighborhood. We've been knocked around for a long time and it sure has been unhandy. I sure am glad my small ones will be able to go right on through one school."

Water Saving Club Being Organized Here

Lee Clapham, driver for Dutch Cleaners, suggests the formation of a "Water Saving" Club. Lee is somewhat perturbed about the water situation hereabouts this coming summer, and wants to do something about it now, rather than wait 'til the rationing starts.

Clapham points to the litterbug campaign which is proving successful in its campaign to keep our highways clean.

Suggestions as to water saving will be gratefully received.

Headquarters of the proposed club will be at "Special Purpose Food Store," 7894 Broadway. It was here that Clapham sprang his idea of conserving water, and he was elected president unanimously. Two members, besides Mrs. Carlton, were present.

It was pointed out that Mrs. Carlton's store is headquarters for "reducing diets," so where could we get a better place?

Some of the ways water could be conserved were mentioned, among them car washing, washing down the driveway and sidewalks, leaving the sprinkler running until the gutter runs full and free.

Y'all might as well join the club now, and save water.

Also, we would welcome suggestions as to a name.

Please address communications or suggestions to Water Savers, 7894 Broadway.—D. H.

Tonsorial Parlor Changes Ownership In Grove

The Grove Barber Shop, 7916 Broadway, has changed owners and Bill Dean, former proprietor, has sold the shop to Walt Faris of National City.

Bill Dean thought he had worked long enough, so he is taking things easy and getting ready for the deer season to open.

M. I. Cowart and Jay Little remain with the shop and will give their customers the same careful tonsorial attention as in the past.

Faris' home is in National City, where he has been in business for 20 years. M. I. Cowart, who moved here from National City six months ago to join Bill Dean, had been in business in N. C. prior to his coming to Lemon Grove, makes it look like the story in last week's REVIEW about National City's plan to annext Lemon Grove sound plausible.—D. H.

Head Volunteers 60th Anniversary

Mrs. Dwight D. Eisenhower — Mrs. Harry S. Truman
Mrs. Franklin D. Roosevelt — Mrs. Calvin Coolidge
FNS

Mrs. Dwight D. Eisenhower, Mrs. Harry S. Truman, Mrs. Franklin D. Roosevelt and Mrs. Calvin Coolidge, four wives of Presidents of the United States, will serve as honorary chairmen of the National 60th Anniversary Committee of the Volunteers of America, which during March observes completion of 60 years of service to the people of the United States, Gen. Charles Brandon Booth, commander-in-chief of the national religious social welfare organization, announced.

Mrs. Eisenhower, in accepting the post, wrote General Booth from the White House that she was "more than happy" to serve and that "you and your associates may well be proud of the fine work that has been accomplished by your organization."

Mrs. Truman now lives in Independence, Mo., Mrs. Roosevelt in New York City and Mrs. Coolidge in Northampton, Mass.

The Volunteers of America, since its founding in March, 1896, by General Booth's parents, Ballington and Maud Booth, has given material and spiritual aid to 170,000,000 Americans.

The organization, which is operated without regard to race, creed or color, is administered in the American tradition on a completely democratic basis.

Virtually all programs are "tailor made" by individual posts to fit the specific needs of each community.

Volunteer activities, carried on through 452 service centers throughout the nation, include emergency, maternity, children's and old age homes, summer camps, "sunset clubs" for the aged, help to prisoners and their families, rehabilitation of the socially and physically handicapped, day care centers, girls' residences, mission churches, school clothing programs and other vitally needed services.

SQUARE 8'RS INVITE VISITORS

The Square Eighters had a wonderful party night with 13 squares dancing to the music of the Square Notes. Pete and Helen Mighetto called with the assistance of Dot and Jack Wiebe, and Gladys Rongey. Door prizes were won by Ruth Reynolds and Roy Fisher. A beautiful electric fryer was raffled and the lucky ticket holder was Jack Wiebe. Hosting for the evening were Mary and Don Hale and Edith and Chester Rhodehamel.

The Heartland Couple of the Month, Joan and Neil Ricketts, also attended the dance and were given a big welcome. Eleanor and Carl Holmes were selected as couple of the month for April and will represent the Square Eighters.

Square Eighters meet every Wednesday night at the La Mesa Legion Hall and every third Wednesday is party night. Everyone is welcome as it is an open club.

Grossmont Ladies Make Plans for Hospital Country Fair

Committee meetings in Grossmont Hospital Women's Auxiliary are bursting out all over. The country fair has been occupying the lion's share of the limelight, as it is the first of the auxiliary's three annual beenfits to be presented this year: Saturday, May 12, on the Quad of Grossmont High School. Following a meeting of the general committee in the home of its chairman, Mrs. F. M. Sawyer, 4695 Munroe St., La Mesa, the various area meetings concentrated on each area's plans for participation in the fair, and the sewing and gift booth committee got into the act in the home of Mrs. Wm. A. Thomas, 4360 Woodland Drive, La Mesa, the booth chairman.

A special committee, in which Mrs. John Terhorst, auxiliary vice president, Mrs. Charles Roether, and Mrs. O. G. Collins joined Mrs. Sawyer, met last Thursday to deal with the problem of booth construction.

Practical Politics School Held By Area Democrats

Democratic leaders and rank and file members of the Homeland Area Democratic Club will hold a one night "school for practical politics" the last Thursday evening of each month in the Golden Avenue School, Lemon Grove, room 10, 8 p.m. free of charge to all registered Democrats, to discuss campaign strategy and issues ranging from state taxes to civil rights, and introducing candidates at each meeting who are seeking office in the '56 election.

Olen F. Keith Jr., of Helix St., Spring Valley, and Mrs. Phyllis Haas of Lemon Grove will speak on the 28th congressional convention, held in Laguna Beach last Sunday, where they participated as delegates in the indorsements for assemblyman and congressman on the Democratic slate.

Mrs. Chas. McKenzie, president of the club, will form groups who wish to support "Estes Kefauver for president" committees and urges all interested to attend. She also reports that plans on Thursday evening will be made by the group to bring Senator Kefauver to the Homeland area within four to five weeks.

Parents Club Helps Music Scholars

The Grossmont Band and Orchestra Club is getting ready for its annual rummage sale to be held on April 13-14, in El Cajon on the Mayfair parking lot. Proceeds of this sale will go into the music scholarship fund which is $1000 every year.

Last year's scholarship winners have all gone on to study music in college, and one of them is teaching at El Cajon Valley High School.

Ryan Martinez, who won a $350 scholarship for first place last year, attends UCLA, where he is assistant manager of the Bruin band.

Tom Cummings, who won $200 and second in last year's awards, is studying for high school teaching at San Jose State. He is working his way through college by playing the bass viol and sousaphone.

Don Fuller, now majoring in music at San Diego Junior College, won a $200 award. He played oboe and cymbals in the Grossmont Band and is teaching accordion to children for Stancato National School.

Miss Nancy Hadel is majoring in education at S. D. State, and continuing music study. Miss Hadel teaches the French horn section of the El Cajon Valley High School band. She won a $100 scholarship last year.

Arnold Kloven, president of the Parents Band Club, said part of the money used for music scholarships is raised by letter-subscriptions and the rest is raised by other projects, such as the rummage sale.

If you have rummage please call HO 6-4860, HO 6-6025, HO 6-6476. If you live in the Casa de Oro area call HO 6-3852.

Mrs. Don Irwin Reelected to Head Mt. Helix Council

Mrs. Don Irwin of Central Avenue, Spring Valley, was re-elected president of the Mt. Helix Council at their March 14 meeting. Others elected were Mrs. Robert Higgins, vice president; Mrs. C. M. Wilkinson, secretary; Mrs. R. C. Alexander, treasurer; Mrs. Robert Wilkins, historian; Mrs. Kenneth Clarke, auditor.

Installation of officers will take place at the May 2 meeting in the Rolando School.

STATE ENDS DAY HIRING OF NURSES

Nurse-anesthetists in the California state service have been placed on a regular salary, ranging from $415 to $505 a month, the state personnel board said last week.

Previously such nurses were hired at $25 a day, but with the growth of state mental hospitals to a capacity of 5,000 patients or more, full-time service is required.

The personnel board also announced examinations for forest firefighter foreman, paying $310 to $415 a month, and for assistant structural engineers at $436 to $530.

Further information on the positions is available from department of employment offices on Columbia Street.

Larry House in Marine Training

TWENTYNINE PALMS, Calif. (Spcl.) — Marine Pfc. Larry H. House, son of Mr. and Mrs. J. H. House of 7823 Barton Dr., Lemon Grove, is serving with the Pacific Fleet Marine Force Troops at the Marine Corps Training Center, Twentynine Palms, Calif.

He is a member of the 1st Anti-Aircraft Artillery Battalion's Drum and Bugle Corps.

Before entering the service in September 1954, House attended Helix High School.

Dancer and Prancer Draw Editor's Attention

By BOB TURNBULL
Teenage Editor

"The Groaners, Tracksters, Dreamers, Drillers, Boppers and Submariners" are my choice of the most six noticeable dancers found in either a public or private dance.

Sooner or later every writer sounds off on "public nuisances via la dance floor." I'm not going to jeopardize myself by classifying them as bothersome to fellow dance-mates. I'll just write it the way I see it and leave the decision up to you readers.

This column is dedicated to these dancers and to the fact that they are not alone.

"The Groaners" heavily participate in the throaty aspects of the dance, probably more than the paid singers. Each song belongs to only them and they distract from the stage as much as a flock of olive-branch bearing peace pigeons roaring into the Kremlin. They undoubtedly cause several introvertive individuals to turn "tracksters."

In fact "the Tracksters" use the speed of Michigan State's backfield. They shy away from clear spaces and thrive on their cunning ability to shoot in through small crevices before people can finish their steps.

"The Dreamers" ignore the ancient closeness of the George Washington minuet as they use the dance floor as much as you would drive your motorcycle in the instep of a tennis shoe. By viewing these love-stung couples you can predict their position four bars in advance.

"The Drillers" waste needless motion. They hack fellow dancers, use up energy and it also provides the female with a good reason for resting her weary body for the next "jump tune." (It actually shows the underlying desire to become a mining engineer.)

"The Boppers" are usually the teeners. A "bopper" seldom looks at his (her) partnert but they may exercise the newest Koreon judo grip, imitate a drunk Mexican jumping bean or do a combination of the Egyptian tango, Charleston, polka, bogie, fox-trot and square dance in all 18 bars. Each couple requires ¾ of an acre to do his (her) routine. (The best of this happy group are a bit boppy to begin with.)

And last but not least are "The Submariners" who dance for an audience as well as for their own personal enjoyment. If a girl's head just misses the floor, her beau is "the most." If she hangs her noggin, he's "the least." Their steps amount to 25 minutes of calisthenics jammed into 240 seconds.

Russian Radio Discovers Crockett As an American Reactionary

By HENRI L LELEU
Second Part

In the first installment concerning Russian radio, Mr. Leleu told how "Dixieland" with a southern drawl and similar Americanisms were used to give U. S. coloration to Radio Moscow stories.

Recently, I heard a communist commentator broadcasting a tirade against a fellow American named "David Crockett" over which I am still laughing. After telling his listeners that this "scoundrel" had been eulogized in song, and American youth made to dress ridiculously resembling his warring uniform, the announcer said, ". . . and as long ago as that, this tool of the eastern industrialists ravaged and killed the native Indians, as he relentlessly pushed westward to gain new territory, rich in minerals and agricultural lands. . . ."

Not knowing much more about "Davy" than he "killed a b'ar by the time he was three," I glued my ears to the radio. ". . . the Indians were a friendly, peaceful people" the commentator continued, "content to live their simple life, planting corn and tending their farm animals, but this David Crockett who has been eulogized in song, with greed and lust for financial gain, destroyed this native Indian race to a point where today they are nothing more than a mere curiosity on exhibition in a circus."

Being sympathetic towards the plight of the American Indian, and having lived in Oklahoma once, where the Osage Indians enjoy great wealth from oil royalties and live in mansions and drive Cadillacs, I continued to listen to this hilariously distorted commentary.

The announcer continued as soft background music played "The Indian Love Call." ". . . North America originally belonged to several solidified tribes of American Indians," he said. "It was their native land, founded by them centuries before Columbus allegedly 'discovered' it in the name of Spain. It was Indian territory, the land of their fathers, and their fathers before them, and it is a pity that history cannot record that they had the strength and ammunition to ward off the unprovoked attacks of this reactionary — David Crockett."

This lesson in American history was too good to miss. I continued to listen attentively. "If the Indians had had the strength of repelling Crockett's invasions" the commentator said, "today the American Indians would be another friendly nation, linked with their brothers in India and Asia in peace, freedom and friendship."

After listening to this 15-minute commentary, I decided that surely not even the communist writers are serious and surely this program was intended as a humorous satire. I've decided that communist comedians like this commentator are truly very funny men and Bob Hope and Jerry Lewis had better watch out, or else their Hooper ratings (at least in Europe) will be slipping in deference to the new type of communist funnymen who provide so many laughs for us in Europe.

On the other hand, if the communists had not intended this as a "funny" then I could not help but think what a troop of American Boy Scouts would have done to this announcer, if they had heard this tirade against their hero and could have gotten their candy-stained hands on this guy. I know the fur in their Davy Crockett hats would be standing at "attention" as their bubble gum smacked a resounding crescendo of "attack," and Walt Disney would have another real life episode to televise in the adventures of Davy Crockett.

Dimmer View

(Continued from Page One)

The last time I tried it on him, or anyone else for that matter, the manager wasn't who I thought it was at all. It turned out to be a man whom I had never seen before. Well, how do you explain such an act to a stranger?

Just to show how wrong you can be, there was a broken-down fighter in Cincinnati about that time named Bill Jingles. On a cold winter day he was drowsing comfortably in a longitudinal seat of a warm and cozy Vine Street street car. The motorman clanged the bell at an intersection. Jingles must have thought he was in a ring. He stood up, punched a lady strap-hanger in the nose and got off at the next stop.

In my editorial capacity I become focal point for many mistakes. Recently a lady by phone berated me roundly for not running a news item. To add to her vehemence she reminded me several times that I personally had promised.

It was a few minutes before I could get a word in to explain that it was not only in the paper but it was on the front page. There was a moment of silence while she apparently was scanning the paper. Then she hung up without a word.

Well, sir, it's like I said. There are all sorts of ways of getting out of an awkward situation, but none of them work for me, and the most inexorable position I am backed into is when my wife starts out with something like, "No, dear, that was In 1953. . . ."

A Honey Of A Chocolate Sauce!

By Betty Barclay

A WARM sauce . . . like this Chocolate Honey Sauce is a smart "eating gimmick" to keep on hand. Make it up out of semi-sweet chocolate chips, honey and evaporated milk . . . it's as simple as that! Store the sauce in the refrigerator against the night when your husband brings home a carton of ice cream, or unexpected company makes you fly to the kitchen to fix a package of instant pudding mix. Then, get out your sauce, warm it and pour it over the ice cream or pudding—for a wonderful, party-like dessert!

Chocolate Honey Sauce

1 package semi-sweet chocolate chips; ½ cup honey; ¾ cup evaporated milk.

Melt chocolate over hot water. Add honey and evaporated milk and blend. Remove from heat. Serve warm over ice cream, cake, or pudding. Sauce may be stored in covered jar in refrigerator and warmed before using. Makes 1¾ cups.

HOLY EUCHARIST SERVICES SUNDAY AT ST. PHILIP'S

Easter Sunday services at St. Philip's will be Holy Eucharist at 6:30, 7:30, 9:15 and 11 a.m. The choir will sing at both the 9:15 and 11 services.

The Church School service on Easter day will be held at 9:15 in the garden of Mrs. Russel Ray, across the street from the church. The children will make their mite box offering, and each will bring a small bouquet of flowers for use in constructing the Annual Cross of Flowers.

The next meeting of the Women's Auxiliary will be on April 5 at 1:30 p.m. at the church. All women of the area are cordially invited.

Lariats Graduate 38 at Party

The "Lariats" held their graduation party last Friday night with 15 squares attending. Mortar boards made by Al and Mary Lindsley were presented to the 38 graduates. The entire class joined the club and were presented "Lariat" badges with congratulations from their instructor and caller Marian Ashton. The class then showed their appreciation by presenting Marian with a record case, lettered with her name and the name of their club, "Lariats."

Event of the evening was a demonstration put on by Juan Franks and four squares of her "Rainbow Twirlers," closing with a grand march. The Lariats then presented Juan with a beautiful square dance petticoat.

All enjoyed dancing to our guest callers Hoppy Hopkinson, Stan and Janice Bryan, Don and Juan Frankis, Tommie Ashton, Ron East, Clarence Montgomery, George Vagtborg, Al Lindsley, Smitty Smithwick, and Frances Neises who assisted Marian at the mike.

Honorary memberships and Lariat badges were presented to Don and Juan Franks, Mr. and Mrs. Hoppy Hopkinson, Stanton and Janice Bryan, and Clarence and Pearl Montgomery.

Hosts and hostesses for the evening were Al and Mary Lindsley, Edith Rhodehamel, and Aeron Hall. Refreshments of cake and coffee were served by Raymond and Frances Neises.

The "Lariats" dance every Friday night with the second Friday party night.

Summer Rec. Program to Have Ten Team League

The recreation program sponsored by the Lemon Grove School District enters its third week with a record turnout. Because of the large number of fourth grade boys trying out, a ten team league will be formed instead of five, as originally planned. Practice games have been scheduled for next week with the league games starting April 9. Fourth grades will play their games on Mondays and Thursdays.

Fifth grade league will be composed of five teams. Practice games are scheduled for them on Wednesday, April 4, with league play to start on April 11. Their games will be played on Wednesdays.

The sixth grade league will have five teams with the possibility of one more team being added before the league starts. Practice games are being played on Friday, April 6, with their schedule being played on Fridays starting April 13.

The number of teams competing in the seventh and eighth grade league is still indefinite. Present plans are for the formation of one league with their games being played on Tuesday afternoons.

All games will begin at 4 and finish by 5:30.

Coaches are needed for the fourth grade teams. Any parent free in the afternoon from 3:30 to 5:30 would be welcomed. If you would like to coach a team or to umpire the games please call Louie Poluzzi, HO 6-7664 or Mike Calderone, HO 9-0337.

Dr. Schroeder to Be Retired Officers Guest Speaker

Dr. Charles R. Schroeder, managing director of the San Diego Zoo, will be guest speaker at the quarterly ladies night meeting of the Foothills Retired Officers Club at Michael's Restaurant in Lemon Grove on Tuesday at 7 p.m.

Dr. Schroeder's talk will cover interesting and entertaining experiences with wild animals and zoo operation. Club president, Ledr. J. C. Weems USN (ret.) announced that offices in the military service, active or retired, their wives or guests are cordially invited. Reservations may be telephoned to the club secretary, Lt. D. H. Huston AUS (ret.) at HO 6-9177.

TWO SERVICES AT WESLEYAN METHODIST CHURCH

The new Skyline Wesleyan Methodist Church adjusts once more to the growing interest of our community. On Easter Sunday two morning services will be conducted. The first will convene during the Sunday School hour, 9:30 a.m., and the second will be held at the usual time, 11 a.m. Both services will be identical with Pastor Orval C. Butcher bringing the message "The Gate of Life."

In the evening service at 7 p.m. the Senior Choir of 30 voices will present "The Easter Story" in scripture and song.

Holy Communion is being served on Good Friday at 7:30 p.m. The service is open to the public.
